SCREWS: 3 PCS

PROTECTIVE CAP

WARNING:

There are plastic caps on the end of the poles to protect the poles during shipping. Please make sure remove them before assembling. If the cap is broken or missing, please don't worry.

Snow falling notice:

The flocking craft uses a synthetic dust or powder to create a freshly-fallen snow effect on the Christmas tree. As the workmanship, there would be snow falling when you set up the Christmas tree. We advise you can set up the tree outside or put a mat on the ground to avoid dust in the room and to clean the tree when it is installed.

ASSEMBLY INSTRUCTION OF CHRISTMAS TREE

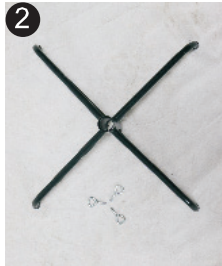

Christmas tree component:

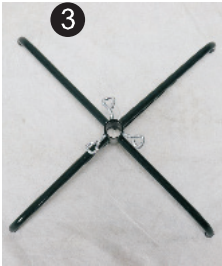

- ①tree top
- ②③tree body
- ④iron stand

The amount of accessories depends on the height of Christmas tree. The picture only supply the reference, please refer to the actual product.

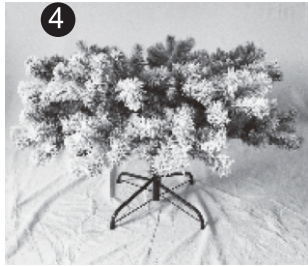

Tree Part Qty:

Electrify the light and enjoy the lighting romance

CAUTION:

- Firmly secure all the screws before use.
- Don't place the tree in a wet location.
- The seasonal products are not intended for permanent installation or use.
- If any part is missing, broken, damaged or worn, stop using the item until repairs are made or replacement parts are installed.
- Don't use the item in a way that is inconsistent with the manufacturer's instructions.

Before You Start:

Please read all instructions carefully.
Retain instructions for future reference.
Separate and count all parts and hardware.
Read through each step carefully and follow the proper order.
We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
Always place the product on a flat, steady and stable surface.
Keep all small parts and packaging materials for this product away from babies and children as they potentially pose a serious choking hazard.
